Way to go Sass. I love it when you expose the Douche Bags. There's a folk song in it for sure!

[Zelig](#) | [March 13, 2012 at 9:05 pm](#) | [Reply](#)

Ok, so Derek Soberal is an ass. How does that justify cheating in an election by illegally suppressing the votes of people opposed to you? It's a bit like arguing that Woodsworth and Bernstein were jerks therefore Watergate wasn't a big deal.

Who justified cheating in an election?

[Zelig](#) | [March 13, 2012 at 11:49 pm](#) | [Reply](#)

I don't see any posts by you condemning voter suppression – just this one having a go at a guy who organized a rally against it.

[Sassy](#) | [March 14, 2012 at 8:46 am](#) | [Reply](#)

Yes, I condemn voter suppression and look forward to what the RCMP investigation comes up with, but this guy's (and others) involvement with the rally makes this "ordinary Canadians grassroots protest" bullshit.

I think you defeat your own point with the language you are using. The only one angry and a victim of all the other lovely adjectives you listed is you.

[Sassy](#) | [March 14, 2012 at 8:50 am](#) | [Reply](#)

My point is defeated about who this guy is and who he associates with is lost because of my language? Uh, no. thepeaceherald, if you're an associate or supporter of Derek and care about democracy and human rights, you should be ashamed of yourself. Do you have any idea who the speakers at the rally were? Do you understand they're anti-semites who support the Iranian regime?

[thepeaceherald](#) | [March 14, 2012 at 2:25 pm](#) | [Reply](#)

I'm not going to fight you on anything, I'm simply making an observation. If you want people to listen and adapt to what you have to say, it works against your favor to belittle others. You may have a good message and be absolutely right, but if you discredit yourself by the virtue of the language you are using while trying to get it across to your audience, your message will be lost in your methods. If you are against Derek and his dealings, write an educated article about it. What you wrote is simply an angry belittling rant. You are welcome to further your point by putting me down also, but I'm sorry to say I'm immune to insults and won't retaliate.

[Sassy](#) | [March 14, 2012 at 2:34 pm](#) | [Reply](#)

I'm quite comfortable belittling a violent liar who canoodles with savage anti-semites.

[Starstruck](#) | [March 14, 2012 at 3:38 pm](#) |

Sassy, I noticed that you had to take down the pic of Derek you had up – probably because you were violating someone's copyright but your replaced it with another pic in violation of another copyright. You do realise that wordpress will delete your blog if you are found to be a habitual copyright violator, don't you?

[Sassy](#) | [March 14, 2012 at 3:45 pm](#) | [Reply](#)

Andy Lehrer don't you have anything better to do? Why do you waste so much of your time on a lowly blogger like me?

[Affi](#) | [March 14, 2012 at 4:48 pm](#) | [Reply](#)

The record shows that Derek Soberal is an attention whore. Why is he suddenly so opposed to having his picture up on the internet? His pic has disappeared from the Nexus site too (either that or it's the only pic on that blog that won't load on my browser).

Affi, it's not Soberal that has a problem, it's a guy by the name of Andy Lehrer who is affiliated with the Socialist Party of Ontario. He's harassed me before by contacting WordPress and claiming to own the copyright to various photographs I've used. Google his name and you'll see what I'm dealing with here.

Mark | [March 14, 2012 at 9:16 pm](#) |

Sassy, if you own the copyright to those photos then you should file a counternotice with WordPress. I think there's a lot of misunderstanding of copyright law on the blogosphere by bloggers and readers. If you take a picture of someone in a public place then you own that image, not the person you took a picture of.

Affi | [March 14, 2012 at 5:03 pm](#) | [Reply](#)

I've seen other pics of lefties disappear so I think there are a few people who use this tactic.

Observer | [May 30, 2012 at 10:57 pm](#) | [Reply](#)

What is funny is that Andy Lehrer uses pictures in breach of copyright all the time on his blog <http://canadian-firebrand.blogspot.ca/>

Just look at the Star Trek picture! I think someone should inform Viacom to take legal action about that one!

Observer | [June 11, 2012 at 11:59 am](#) | [Reply](#)

This is how Andy Lehrer and his cohorts get pages deleted. Ususally they falsely claim to own pictures they DO NOT own the copyrights to.

Who is Sassy Wire? oh that's right, an anonymous con blogger who hides behind a computer. There's no way you'd show your face or real name on here. Such a paid troll.

What ever happened to Reasonable Force being used in an arrest, Sassy? Most folks take their lumps and shut up, this just gives the police more leverage to be less and less reasonable when arresting

citizens. The police are there to serve and protect, not profile and disrespect the Citizens. As far as being an “Islamist Loving organizer”, Isaac and Ishmael are both sons of Abraham. In fact, they are Brothers from other Mothers. If you love one you love the other, unless you have some Mommy issues, Sassy.

If he did not organize the rally, would you have done it?

Take it easy Sassy, at least he is doing something, and exposing deficiencies, within our government systems. Canada is not perfect, but, we are better than most countries, let’s try and support people that are trying to make the country a better place to live. Your criticism, and name calling are not helping.

We all loved Andy.

Even when he was a chubby little boy he would come down to The Barracks and the Richmond Street Health Emporium.

One hard playful slap and you could ride the waves for 10 minutes!
